

Providing Beds to Those Who are Trying to Change Their lives

Gold Award

My Gold award aims to address the issue of providing support to people who are facing addiction. My gold award wants to help Teen Challenge which is an organization that provides treatment and support to these people. I want to help provide bedding, bed frames, and mattresses to Shafter Teen Challenge.

Teen Challenge is an organization that is a free program for many people seeking help. These young adults attend teen challenges to become clean. However, a lot of the time, organizations like Teen Challenge need donations to provide bedding for new incomers joining the Teen Challenge.

- An illustration of a person with dark hair, wearing a white t-shirt and dark pants, standing on a black ladder. They are pointing their right hand towards a large blue presentation board with a white border. The board contains a bulleted list. The background consists of large, abstract, organic shapes in shades of green and teal.
- The reason I selected this issue is that my uncle was a former member of Teen Challenge.
 - Many young people face addictions, and addictions ruin friendships and relationships.
 - Due to addictions, many face poverty and homelessness.
 - Many organizations need help providing shelter to these recovering addicts.

Root Cause

- Shafter Teen Challenge is in need of more bed frames, mattresses and bedding. The facility is expanding to provide support to more individuals.

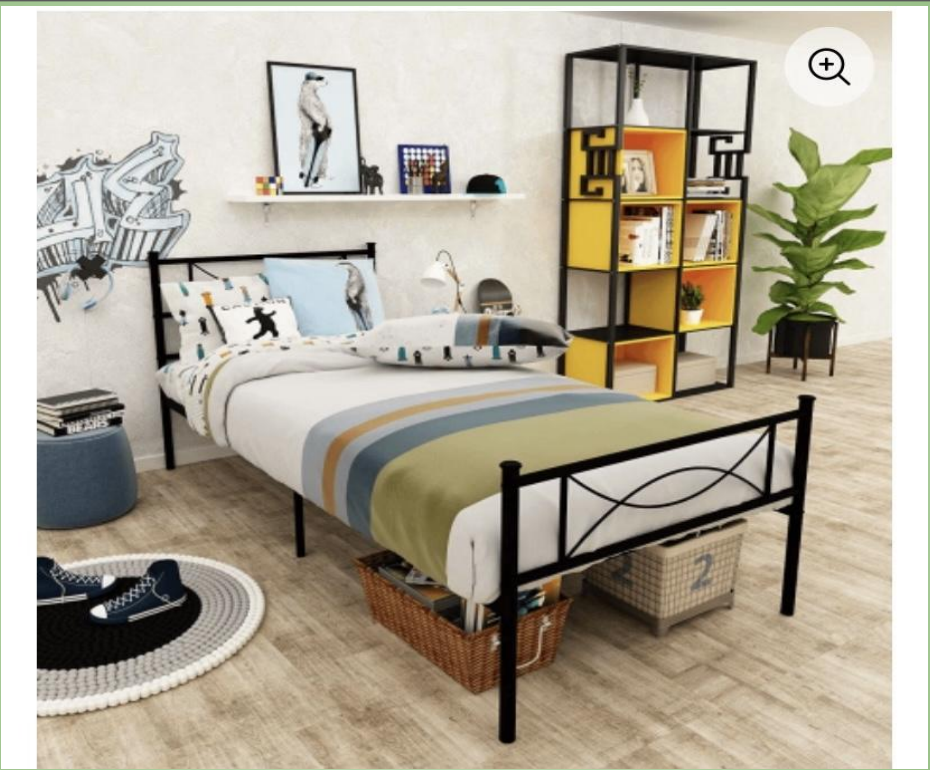

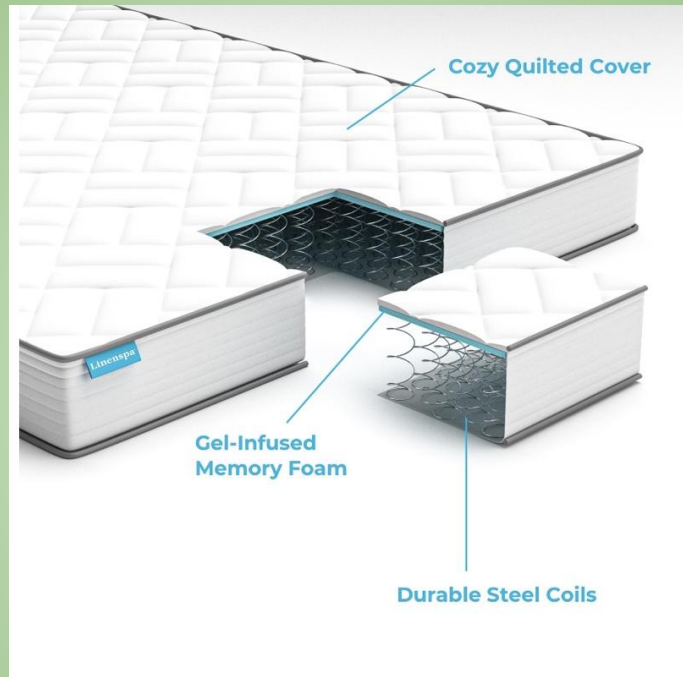

My Gold Awards National

My Gold award national link is the fact that many people face addiction in The United States and many can't afford to get help or attend rehab facilities.

My project is linked to people needing support while recovering from addictions, especially teens and young adults. This affects my local community because there is people in the community who are addicts and can't support themselves or afford to get the treatment they need

My Gold Award project goals

Personal goals are to
earn enough money to
provide and install bed
frames, mattresses and
bedding that will help
recovering addicts.

Proposed Impact-Sustainability

My Gold Award will be sustained because the Teen Challenge Organization will continue to maintain the beds after I have installed them. Also I will be making a website and doing a drive-through fundraiser to spread awareness.
